Dear Richard

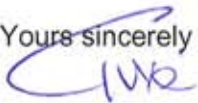

Many thanks for looking after the various aspects of the electrical installation and carrying out the additional works that arose.

I would like to thank you and your team for the very great assistance that you have given us so that our move to the new premises in Totton went smoothly. We are now open for business at the new address and it is as a result of your contribution that it occurred in such a speedy and efficient fashion.

You set about the work in a professional way and involved me only when it was necessary and I would have no hesitation in recommending your services to business colleagues and friends.

Thank you again for your valued contribution.

Yours sincerely
